Quick Set-Up Guide for VIP3050

1. Charge the battery with the USB cable supplied for about 8 - 10 hours, when fully charged the RED light will go out. Activate the SIM card we supplied with CMobile on phone 1300 545 000 then insert the SIM card in the slot of the tracker with the contact side DOWN and cut corner in first. Turn on the switch next to the SIM slot. All set up commands are done by sending a SMS to the tracker phone number.

2. Set the language to English by sending a SMS to the tracker: LAG1

3. Set the ip address by sending a SMS to the tracker: adminip123456 043.249.029.060 7700 make sure there is a space between the password 123456 and the IP address and the IP number and 7700

4. Set your mobile phone number by sending a SMS to the tracker: admin123456 XXXXXXXXXX Substitute XXXXXXXXXX with your mobile phone number and ensure there is a space between the password and the phone number. You will receive a reply 'admin ok'

5. Set the Access Point Name (APN) by sending a SMS from your mobile phone to the tracker phone number: apn123456 vfinternet.au for Vodafone and apn123456 mdata.net.au for Telstra, make sure there is a space between the password and the APN. You will receive a sms back 'apn ok'

6. Open the GPRS by sending a SMS to the tracker: gprs123456 the tracker will reply with 'GPRS OK'

7. Then download the phone app by scanning the QR Code 'LKGPS' on www.lkgps.net or searching 'LKGPS' & download from the app store.

8. Open the app on your phone and click on the tab ' log in by IMEI/ID' bottom right of the app, then enter the 'server name' www.lkgps.net the 'IMEI/ID' is the 10 digit ID Number on the tracker and the 'password' 123456 then log in.

9. In order to log in on the app easily & quickly in the future you can change the 'IMEI/ID' to your vehicles registration number.

- Log in on the app & click on 'Device Info'
- Top right hand corner click on 'write' icon
- Change the 'Device name' to your registration number or vehicle name.
- Change 'License plate number' to your registration number.
- Then confirm by clicking on the 'save' icon on top right of screen.
Now in the future you can log in by using your registration number as the 'IMEI/ID'.

To Locate Your Vehicle

Open the app on your phone or www.lkgps.net on your computer enter your 'Username/IMEI/ID' and password' then click on 'Real Time Tracking'
